GREENWAYS
A bidirectional, shared use paved surface, typically asphalt, concrete or boardwalk, which is located in parks, along creek and mobility corridors where there are few conflicts with motor vehicles. Greenways provide a focused, user-controlled experience for a variety of uses, including bicyclists, pedestrians, skaters, wheelchair users, joggers, and others.

AMERICAN TOBACCO TRAIL
A recreational rail-trail open to walkers, runners, dog walkers, bicyclists and non-motorized riders. This connected series of hike/bike facilities spans 20 miles from rural New Hill in western Wake County, through Chatham County, to downtown Durham. A portion of the ATT in Apex, from the Town of Cary border to the White Oak Creek Greenway, is also a part of the East Coast Greenway.

SIDE PATH
A bidirectional, shared use paved surface, typically asphalt, with a wider, undivided buffer between the roadway and trail, allowing the trail to meander slightly for increased user comfort and a more rural aesthetic. Street side greenways are parallel to the roadway right-of-way, but are located within a 40’ town greenway easement.

GREENWAY ETIQUETTE
• All Town of Apex greenways are considered multi-use. Bicyclists and skaters should always yield to pedestrians.
• Please be mindful of other users and share the greenway.
• When using greenways in groups, please stay to the right of the trail & do not block the greenway.
• When approaching from behind, pass on the left & give a mechanical or verbal warning such as “PASSING ON THE LEFT.”
• Greenway users are encouraged to have a companion with them whenever possible.
• A 10MPH speed limit applies to all public parks and greenways.

WHILE NOT EXPRESSLY LISTED ABOVE, PARK RULES & REGULATIONS, IN SECTION 155, TOWN OF APEX CODE OF ORDINANCES APPLY TO ALL PUBLIC PARKS & GREENWAYS.
