PROGRAM GUIDE

JANUARY-APRIL 2020

REGISTRATION OPENS:
Nov 12th for Residents
Nov 25th for Non-Residents

www.apexnc.org/parks
HOW TO REGISTER FOR PROGRAMS:
Preregistration is required for most programs offered by Apex Parks, Recreation and Cultural Resources. The first two weeks of each registration period is limited to Apex residents only. A resident is defined as an individual who resides within the established corporate limits of the Town as defined by the Apex Planning & Community Development Department. Waiting lists are available for most programs, with Apex residents receiving priority.
1. Online at PEAKconnect- www.apexnc.org/peakconnect
2. In person at the Apex Community Center or Halle Cultural Arts Center
3. By mail to P.O. Box 250 Apex, NC 27502. Please make checks payable to: Town of Apex.

To avoid long lines and discourage overnight assembly, the first day of registration for both residents and non-residents will be administered by a lottery system starting promptly at 8:45am at the Community Center. Those in line will be given the opportunity to randomly draw a number and line up according to their number. Anyone arriving after 8:45am will go to the back of the line. Registration will begin promptly at 9am based on this system. This is for instructional programs, camps and individual youth athletic registration only and does not apply to adult team registration deadlines. One person may register only one family at a time.

REFUND POLICY:

Full Refunds - Registration fees are 100% refundable when programs and events are canceled or adjusted by the Apex Parks, Recreation, and Cultural Resources Department. The Director of Parks, Recreation, and Cultural Resources shall have the authority to make decisions on all requests not specifically covered herein.

1. Withdrawal 10 calendar days or more in advance. A participant requesting to withdraw from a class must provide a written request at least 10 calendar days in advance of the scheduled start date of the program. The participant will receive the full refund of fees minus a $5.00 processing fee.
2. Withdrawal less than 10 calendar days in advance. A participant requesting a refund in writing, less than 10 calendar days prior to the scheduled start date of the program, will receive a 75% refund of the fees only if the participant can be replaced from the waiting list. If there is not a waiting list for the program or athletic league then no refund will be issued.
3. Withdrawal after first meeting of a program/first regular season game. A participant requesting to withdraw, on the day of or after the first meeting of any program, or the first regular season game of the affected league, will not be issued a refund.
4. Transfer Request. A participant requesting to transfer from one class date to another, within the same program and registration period, must do so in writing at least 10 calendar days or more prior to the scheduled start date of the program.
5. Adult Team Withdrawals. Refunds for adult athletic programs requiring “team” registration will be issued based on policies and procedures covering that particular program and are not subject to #s 1, 2, 3, and 4 above.
6. Youth Sports League Withdrawals. If there is a tryout for the athletic league, a full refund minus a $5.00 processing fee will be issued if a written request to withdraw is made prior to the tryout day for the league. If the written request is made after the tryout for the athletic league, a 75% refund will be issued only if the participant can be replaced from the waiting list.
7. Ticketed Events. All ticket sales are final. Refunds and withdrawals are not permitted.
8. No refunds will be issued when the amount is less than $6.00.

Medical and Scholastic Exceptions:
A full refund of all fees paid, minus a $5.00 processing fee, will be made for Athletic and Non-Athletic Programs only if:
1. Prior to the first meeting of a program or the first game of the regular season the participant requests a refund in writing including a written excuse from a licensed medical doctor indicating that the participant should not participate due to medical concerns or physical limitations.
2. Prior to the first meeting of a program or the first game of the regular season the participant requests a refund in writing including written verification that the participant has been included in either a Middle School, High School, or College program that prohibits participation in recreational programs. VISUAL ARTS EXHIBITS

Annual Apex High Schools Exhibition

Come explore the work of high school students from local area high schools!

Telvin Wallace
Feb 8 - Mar 8, 2020 • Free Reception: Fri, Feb 14, 6pm-8pm
“When I make a painting I am building a psychologically charged space. I usually start off with a few sketches that familiarize me with the problems I will encounter in the final work. My technique varies based on the content of my subject matter. Indirect methods appear and can be utilized at any time in the course of a paintings development. Look at the pentimento that we find in a Da Vinci, Titian, or Caravaggio painting. They repainted but still maintained the ultimate balance. Ultimately, I develop my own techniques to come up with a unique visual language and aesthetic.” --Telvin Wallace is a Senior in the NCCU Department of Art who creates portraits.

Jillian Goldberg and Susan Lamantia
Mar 21 - Apr 23, 2020 • Free Reception: Sat, Mar 21, 6pm-8pm
Jillian Goldberg was born and raised in Cape Town, South Africa. After teaching and directing private educational summer camps and art programs for over thirty-five years in Charlotte, NC, she is now retired and lives in Cary with her husband. Since 2007, Jillian has enjoyed painting full time in her home studio and attends workshops and master classes annually, constantly seeking to broaden her understanding, appreciation and skills. In 2014, Jillian published a book on her mentor and friend, Benjamin Forrest Williams, who was the first curator of the North Carolina Museum of Art from its inception in 1949 until 1979. The book, “Benjamin Forrest Williams, a biographical essay” is available on Amazon.

“I believe my paintings - through color, shape, and texture reflect the energy I put into my creative process. I’ve been inspired by the pure colors, distortions and boldness of the Fauves as well as the impulsive and gestural interpretations of the Abstract Expressionists. I want my work to look spontaneous, but organized - gestural, but not chaotic. I hope that someone viewing my work will resonate with a painting and take delight in the energy of my work. Making a connection with my work in that manner is a happy thought for me.” --Susan LaMantia

Medical Treatment Policies
1. Medication: Program participants with certain medical conditions may require daily treatment to ensure their health and well-being and therefore will need access to medication as required. When requested by a participant, the Town will store all medication in a secured location and make it available to participants in accordance with physician and/or parent/guardian instruction. Participants with severe allergies, such as allergies to bee stings, peanut products, foods, etc., may be at risk of a serious reaction in a Parks and Recreation setting due to contact with or ingestion of the allergen. Contact with these allergens can result in anaphylaxis, a severe allergic reaction with symptoms that may include swelling of the face, lips, and tongue, hives, vomiting, diarrhea, difficulty swallowing, shortness of breath, and difficulty breathing. The Town of Apex is concerned for the health and safety of all participants in any program offered by the Town’s Parks, Recreation and Cultural Resources Department. When a participant has alerted the Town to a medical condition or severe allergy, the following is required: (1) A signed copy of the Town’s “Authorization for Emergency or Medical Care for Participants with Medical Needs or Severe Allergies” and “Release and Waiver of Liability for Administration of Medication and/or Emergency Treatment of Participants. These documents can be found online at www.apxnc.org/medicalforms

Parent(s)/guardian(s) shall provide all equipment, medications, and materials necessary for instructions provided in the Authorization Form. All medication must be properly labeled and current.
2. Emergency: In the event of an emergency in which the parent(s)/guardian(s) or listed emergency contacts cannot be reached, APR&CR will contact emergency medical personnel and pending their arrival, take those actions that are in the APR&CR’s judgment to be in the best interest of the individual participant.

Sunscreen and Insect Repellent Policy
Sunscreen and Insect Repellent (lotions and sprays) must be self-applied by the participant. We recommend that the participant apply sunscreen and/or repellent before attending the program. APR&CR Staff are not permitted to administer sunscreen or insect repellent.

Inclement Weather Policy
I understand that the program may not be available when the Town and its facilities are closed. Please call the Weather Hotline 919-249-3348 for the most updated information.

Inclusion Services
Apex Parks, Recreation and Cultural Resources welcomes the participation of individuals of all abilities. In compliance with the ADA, we will provide reasonable accommodations to facilitate participation in our programs. Reasonable accommodations are resources used to help allow a person with a disability to participate in any program. Resources may include, but are not limited to, auxiliary aids or services, adaptive equipment, additional staff training, and/or additional staff. Any accommodation that the Department considers cannot fundamentally alter a program. To ensure that reasonable accommodations are in place, accommodation requests should be received at least two weeks prior to the start date of the program. For more information, please contact Inclusion Services at 919-249-5507.

Behavior Management
As part of organizing, supervising and administering various programs and activities, is expected that those involved will exhibit the appropriate behavior to make the experience beneficial and enjoyable as possible. Whenever possible, APRCR prefers to use behavior tools such as praise and positive reinforcement as effective methods of behavior management. We believe that when participants receive positive and understanding interactions, they can develop good self-concept, problem-solving abilities, and self-discipline. Our programs will create an environment that encourages positive choices through understanding a participant’s basic needs and preferences, including the event’s rules. Praise and positive reinforcement do not accomplish the desired outcomes or in the event the behavior is such that more definitive action is needed, APRCR reserves the right to immediately disallow further participation in the program / activity when APRCR deems it to be in the best interest of the program and other participants.

Behavior Management Tools:
To encourage and support positive behavior in all programs and activities offered by the Apex Parks, Recreation and Cultural Resources Department, the following techniques will be used:
• Monitoring of the program environment
• Providing participants a positive program environment
• When required, redirection of the undesired behavior and encouragement of the participant to change their behavior by providing clear examples of how the behavior needs to change

Behavior Management Procedure:
1. Participant(s) will be given a quiet reprimand/verbal warning as clear instruction as to how behavior needs to change. Staff will document the discussion.
2. If inappropriate behavior persists, after verbal warning, the parent/guardian will be contacted by the Recreation Program Supervisor/Specialist in charge of the program and a First Written Behavior Incident report will be given to the parent/guardian outlining the incident and the action taken by staff.
3. If inappropriate behavior persists, a second Behavior Incident Report may be presented to the parent/guardian and/or the Recreation Program Supervisor/Specialist in charge of the program (or their designee in their absence) may contact the parent/guardian and request that the participant be picked up from the program. Depending on the circumstances, the Recreation Program Supervisor may also determine that a suspension from the program is necessary while the behavior incident reports are being reviewed. (No refunds or prorated fees will be given for the day the participant is asked to leave or is suspended).
4. If a behavior problem persists, a third Behavior Incident Report will be completed and the participant will be asked to leave the program. In such circumstances, the department may deny future registration for this or other programs. (No refunds will be given).
5. For severe offenses, such as but not limited to: fighting/hitting, theft, vandalism, bullying in a program, possession of weapons or drugs, severe verbal threats, sexual misconduct, leaving the program/building without proper dismissal, or any other safety related behavior, the participant will be immediately suspended and/or dismissed from the program and a police report will be filed with the Apex Police Department.

I have read, understand and agree with all of the policies as stated in this document and I have discussed the expectations of behavior with my child. I understand the Town of Apex Parks, Recreation and Cultural Resources has the authority to revoke my child’s right to participate in APR&CR programs for behavior which is not in keeping with the mission of the APR&CR or for failing to follow the policies/procedures of APR&CR. My signature on the previous page indicates that I agree to adhere to all policies, procedures and rules of APR&CR.

Pleasant Park

The official groundbreaking for Pleasant Park was held September 10th, 2019. Construction plans for the 92 acre project are currently under review by the Town's Technical Review Committee (TRC). When completed, the project will include a mixture of both active and passive recreation opportunities. The first elements to be developed will include road improvements, utility infrastructure, amenity area with playgrounds and a splash pad, multi-use sports fields, shelter with restrooms and more.

Community Center Addition / Senior Center

The official groundbreaking for this much anticipated project was held on September 10th, 2019. Plans for the project are currently under review by the Town's Technical Review Committee. The proposed facility, which will function primarily as a Senior Center, will add approximately 28,000 square feet to the current Community Center and will allow for expanded programming with an emphasis on seniors (55+) and Special Populations.

Beaver Creek Greenway

Phase I and II (connecting Kelly Road Park to the Apex Nature Park) construction plans have been approved. A trail segment under the new Apex BBQ Road Bridge was constructed to provide a safe pedestrian crossing. In addition to being a part of the 2017 Parks Bond, design costs had funding support from Wake County, and the Town was awarded over $1M in Locally Administered Project Program funding. Construction on the 1.1mile, mostly boardwalk, greenway trail is anticipated to begin in early 2020. Phase IA plans (which aligned with a sewer relocation project in the area east of Kelly Road Park to Ashley Downs) are being reviewed by the Technical Review Committee and construction is slated to begin in late 2019.

Middle Creek Greenway

Phase I (Sunset Lake Road north to Reunion Pointe) plans will be finalized in conjunction with Complete 540 and include open air greenway trail under the new bridge crossing Middle Creek. Phase II construction plans are approved and the section connecting Reunion Pointe North to Straywhite Avenue in Miramonte will be bid for construction in October 2019. When complete, Middle Creek will connect Center Street / SR 1010 in Apex into Holly Springs. The project was part of the 2017 Parks Bond with supplemental funding coming from a Wake County Grant to assist with design costs.

Public Art Sculpture on Town Campus

The newest addition to Town Campus is an art sculpture entitled “Trajectory”. The piece was installed near the entrance to the campus on September 7th, 2019. “Trajectory” features steel beams rising towards each other and connecting at the top. Its up and down presentation is meant to represent life’s ups and downs. Each beam is dependent on another so it symbolizes that move from many different angles and that no one moves forward independently; we are all constantly affected by the world around us.
