DEFINITION OF A RECOMBINATION PLAT

A map which depicts the joining of two (2) or more individual units of land into a new configuration which complies with the required standards and which is intended for recording with the Wake County Register of Deeds. A recombination plat:

1. Does not dedicate or offer for dedication any new street or require construction of any private road for access to any of the lots.
2. Allows reasonable access to the remainder of the tract from which the lot or lots are conveyed of at least 60 feet in width.
3. Does not require extension of sanitary sewer mains or storm sewer mains or water mains to service the lots.
4. Creates no residual parcels which themselves do not conform to the requirements of the Unified Development Ordinance (UDO).
5. Does not increase the total number of lots.

RECOMBINATION PLAT PROCESS SUMMARY

1. Applicant uploads pdf version of plat for electronic plan review via IDT Plan Review. [Click here to access IDT Plans Website](#)
2. Staff member reviews electronic plan submittals and hard copies submitted to the Planning Department for completeness.
3. If application is complete, Town Staff will review plat application and send comments to applicant.
4. The applicant must address all of the comments and submit revised plats via IDT.
5. Steps 3 & 4 may need to be repeated until the plat conforms to the requirements in this application.
6. Once the plat meets the requirements of the UDO and this application, staff will advise the surveyor to submit hardcopies for staff signature. The applicant must submit three (3) copies of the plat on Mylar. Each copy should include the signature and seal of the surveyor as well as the notarized signature of the owner(s).
7. The applicant must pay all requisite fees prior to the final approval of revised plats.
8. Town Staff reviews the Mylar plats. If the plats comply with the UDO, Town Staff will sign the Mylars. If the plats do not comply with the UDO, the applicant must resubmit the Mylars.
9. Once Mylars are signed, staff will notify the surveyor to pick them up.
10. The three (3) signed Final Plats must be recorded at the Wake County Register of Deeds within 60 days after approval. Wake County will keep one of the recorded plats. Plat must be stamped and signed by Register of Deeds.
11. The applicant must return one (1) Mylar copy of the recorded Recombination Plat and one (1) paper copy of the plat to the Planning Department. The recorded Recombination Plat must be on file prior to the issuance of any building permits

Contact Pam Filicky of the Property Mapping Team for Wake County - 919-856-6384 or pfilicky@wakegov.com to ensure updates are made to the County tax property maps.

6.	Return 1 Mylar and 1 Paper Copy of Recorded Final Plat to the Department of Planning and Community Development	

RECOMBINATION PLAT CHECKLIST ITEMS			
#	Requirement	Additional Information	Reference
1.	Title Block:		
a.	The property designation.	Project name, address(es) and Wake Co. PIN(s)	
b.	Owner's name and address		
c.	Location of property.	County, state and township	
d.	Date of the survey and plat preparation		
e.	Scale	Include a graphic scale and declination.	
f.	Surveyor's or professional engineer's name, seal and registration		
g.	Dates & Descriptions of revisions made after original signing		
2.	Site Data Table:		
a.	Zoning district & case # of the property	Contact the Planning Department for the number.	
b.	Annexation number(s) for property	Contact the Planning Department for the number.	
c.	Area of tract	In square feet and acres.	
d.	Minimum setback requirements		
e.	Indicate if the site is in the Primary or Secondary Watershed Protection Area	Watershed Protection Overlay District Map	UDO Sec. 6.1
f.	Indicate if the site contains a FEMA designated floodplain	Include FIRM panel reference number and effective date.	UDO Sec. 6.2
g.	Indicate if site contains a historic structure		
3.	Label as "Recombination Plat"		
4.	North Arrow (all sheets)	Indicate whether true north or magnetic.	

RECOMBINATION PLAT CHECKLIST, NOTES & CERTIFICATES

RECOMBINATION PLAT CHECKLIST ITEMS			
#	Requirement	Additional Information	Reference
5.	Vicinity Map	Site should be clearly delineated. Map must have sufficient detail and legibility in order to locate the project in reference to nearby roads and developments.	
6.	Legend		
7.	Provide boundaries of the tract to be recombined in metes and bounds.	Include the location of intersecting boundary lines of adjoining lands with adjacent subdivisions identified by official names.	
8.	Provide accurate location and descriptions of all monuments, markers, and control points.		
9.	Zoning, ownership and current use of adjacent tracts and on opposite side of adjoining streets.	List uses such as residential, vacant, etc.	
10.	All lot boundaries changed or removed by requested plat must be indicated by dashed lines.		
11.	Show street addresses on each lot.	Addresses should be placed in a rectangular box near street right-of-way.	
12.	Label streets as approved by Wake County GIS.		
13.	Show and label the purpose(s) of all right-of-ways, easements and areas dedicated to public use.	Public easements shall be labeled "Town of Apex Public Utility Easement".	
14.	Show areas to be used for purposes other than residential and public.	Include the location, purpose and dimensions of each use.	
15.	Show existing structures on affected lots.	Minimum building setbacks are to be noted	
16.	Show right-of-way lines and width of all streets.	Show sight triangles where required.	
17.	Show the location and width of all adjacent streets and easements.		
18.	Indicate boundaries of the 100 year floodplain and floodway boundaries.	Provide certification if no floodplain exists within the subdivision boundaries.	
19.	Label width and type of existing landscape buffers.		
20.	Show access to restricted lots (where applicable).		
21.	List any notations previously required to be placed on a prior plat of the property by action of any approving authority.		
22.	The recombination is certified by Wake County that it will not create a violation of setback standards or other standards of the Wake County Health Department regarding private wells and septic systems, if applicable.	Contact Wake Co. Environmental Services.	
23.	Leave 2 inch by 2 inch space for the Wake County Register of Deeds stamp on the plat.	All recorded plats must be stamped and signed before they can be accepted by the Town.	
24.	Certificates	See last pages of this application for the required certificates.	
25.	List any notations previously required to be placed on a prior plat of the property by action of any approving authority.		
26.	Any other information considered pertinent to the review of the final plat by either the subdivider or the Town.		

REQUIRED NOTES:

- Where Town of Apex public utilities are installed within easements crossing private property, the Town's Water Resources Department, Public Works and Transportation Department, and Electric Utilities Department shall have the right to enter

RECOMBINATION PLAT CHECKLIST, NOTES & CERTIFICATES

upon the easement for purposes of inspecting, repairing, or replacing the sewer main and appurtenances. Where paved private streets, driveways, parking lots, etc. have been installed over public sewer mains, the Town of Apex shall not be responsible for the repair or replacement of pavement, curbing, etc. which must be removed to facilitate repairs. The Water Resources Department, Public Works and Transportation Department, and Electric Utilities Department shall excavate as necessary to make the repair, and shall backfill the disturbed area to approximately the original grade. Replacement of privately owned pavement, curbing, walkways, etc. shall be the responsibility of the property owner and/or Homeowner’s Association.

- 2. All off-site easements shall be acquired by the developer and these off-site easements shall be recorded by a deed of easement prior to utility infrastructure construction approval. These easements shall be dedicated to the Town of Apex and labeled “Town of Apex Public Utility Easement”.
3. No person shall place any part of a structure, any permanent equipment, or impoundment upon the Town of Apex Public Utility Easements. Prohibited structures include, but are not limited to: buildings, houses, air conditioning units, heat pump units, storage/tool sheds, swimming pools, walls, retaining wall mechanisms/appurtenances, decks, garages, and fences. Upon prior written approval by the Water Resources Department, Public Works and Transportation Department, or Electric Utilities Department, as appropriate, fences may be permitted across easements provided that an access gate is installed for the full width of the easement.
4. No person shall plant trees, shrubs, or other plants within a Town of Apex Public Utility Easement without prior written approval from the Water Resources Department, Public Works and Transportation Department, or Electric Utilities Department, as appropriate.
5. Contact the Planning Department to get a copy of the zoning conditions.

CERTIFICATE OF OWNERSHIP

“I hereby certify that I am the owner of the property shown and described herein, which is located in the jurisdiction of the Town of Apex, and all sheets related hereto, and that I hereby adopt this exempt plat with my free consent.”

License No.

FOR PLATS SHOWING SITES WITH EXISTING SEPTIC STRUCTURES WHICH INTEND TO USE SEPTIC, THE FOLLOWING CERTIFICATION MUST BE INCLUDED ON THE PLAT:

I hereby certify that lots(s) _____ shown on this plat for _____ has been reviewed with respect to minimum available space to provide for repair of an existing wastewater disposal system in accordance with regulations governing sewage treatment and disposal systems in Wake County as amended from time to time. I further certify that to the best of my knowledge, the existing wastewater system is located within the boundaries of the subject lots(s) and meets minimum setback requirements as specified in the aforementioned regulations.

This certification does not represent approval or a permit for any site work or wastewater system modifications/repairs. Additionally, any change in use, site alteration or misrepresentation may result in suspension or revocation of certification.

NC Licensed Soil Scientist (Seal)

Date

FOR PLATS SHOWING SITES WITH NO EXISTING SEPTIC STRUCTURES WHICH ALSO INTEND TO USE SEPTIC, THE FOLLOWING CERTIFICATION MUST BE INCLUDED ON THE PLAT:

I hereby certify that lots(s) _____ shown on this plat for _____ have been reviewed as appropriate and with respect to minimum lot requirements set forth in Section V of the Regulations governing sewage treatment and disposals systems in Wake County as amended from time to time. As of this date, and based on this review of existing site conditions the lots numbered above on this plat will presumably meet these regulations.

I hereby certify that lots(s) _____ shown on this plat for _____ have been reviewed as appropriate and with respect to alternative requirements set forth in Section VI of the regulations governing sewage treatment and disposal systems in Wake County as amended from time to time. As of this date, and based on this review of existing site conditions the lots numbered above on this plat will presumably meet these regulations.

Preliminary certification does not represent approval or a permit for any site work, nor does it guarantee issuance of an improvement permit for any lot. Final site approval for issuance of improvement permits is based on regulations in force at the time of permitting and is dependent on satisfactory completing of individual site evaluations following application for an improvement permit detailing a specific use and siting.

Any change in use or any site alteration may result in suspension or revocation of certification.
