Staff Signs Plats

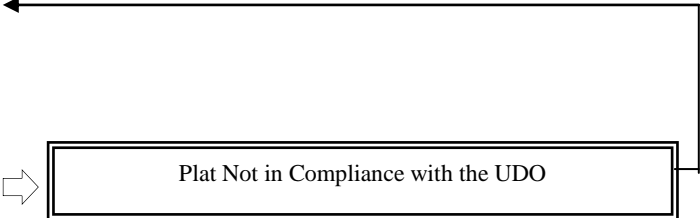

Recordation

- File the Recombination Plat with the Wake County Register of Deeds
- Owner to notify Wake County of Recorded Plat

Final Submittal

- 1 Recorded Mylar Plat
- 1 Paper Copy of Recorded Plat

RECOMBINATION PLAT PROCESS

DEFINITION OF A RECOMBINATION PLAT: A map which depicts the joining of two or more individual units of land into a new configuration which complies with the required standards and which is intended for recording with the Wake County Register of Deeds. A recombination plat:

1. Does not dedicate or offer for dedication any new street or require construction of any private road for access to any of the lots.
2. Allows reasonable access to the remainder of the tract from which the lot or lots are conveyed of at least 60 feet in width.
3. Does not require extension of sanitary sewer mains or storm sewer mains or water mains to service the lots.
4. Creates no residual parcels which themselves do not conform to the requirements of the Unified Development Ordinance.
5. Does not increase the total number of lots.

COMPLETE APPLICATION: The following items are required for the Recombination or Easement Plat to be considered sufficiently complete. Please note that the required information to be included within these items is included on the Recombination Plat Checklist.

- One (1) electronic submittal of preliminary plat (18"x24")

REVIEW OF PRELIMINARY PLATS: Town staff reviews plats for compliance with the Unified Development Ordinance.

REQUIRED CHANGES TO RECOMBINATION OR EASEMENT PLATS: Staff comments will be sent to the applicant. The applicant must address all of the comments and submit revised plats.

SUBMISSION OF MYLAR FINAL PLATS: The applicant must submit 3 hard copies of the Mylar Plats to the Planning Department. Each of these plats should include the signature and seal of the surveyor as well as the notarized signature of the owner(s).

FEES: The applicant must pay all requisite fees prior to the final approval of revised plats.

REVIEW OF REVISED PLATS: The Town Staff reviews the mylar plats. If the plats comply with the Unified Development Ordinance, the Town Staff will sign the plats. If the plat does not comply with the Unified Development Ordinance, the applicant must resubmit plats.

RECORDATION: The 3 signed Recombination Plats must be recorded at the Wake County Register of Deeds. Wake County will keep one of the recorded plats. One of the recorded plats must be returned to the Planning Department. The applicant keeps the remaining recorded Recombination Plat. *Applicant to contact Pam Filicky of the Property Mapping Team for Wake County - 856-6384 to ensure updates are made to the GIS.*

FINAL SUBMISSION: The applicant must return 1 Mylar copy of the recorded Recombination Plat and one (1) paper copy of the plat to the Planning Department. The recorded Recombination Plat must be on file prior to the issuance of any building permits.

RECOMBINATION PLAT CHECKLIST

1. Project data (in tabular form):
 - Name of the subdivision (include any phase numbers) if applicable
 - Owner's name and address
 - Surveyor's or professional engineer's name, seal and registration
 - Date of the survey and plat preparation
 - Zoning of the property and special zoning conditions (if applicable)
 - Area of tract (in square feet and acres)
 - Number of lots per acre (density)
 - Names of the township, county and state in which the subdivision is located
 - Indicate if the site is in the Primary or Secondary Watershed Protection Area
 - Indicate if the site contains a FEMA designated flood plain (including FIRM panel reference number and effective date)
2. Labeled as "Recombination Plat"
3. North arrow indicating whether true north or magnetic and a graphic scale, declination.
4. The exact boundary lines of the tract to be subdivided fully dimensioned by metes and bounds and the location of intersecting boundary lines of adjoining lands with adjacent subdivisions identified by official names.
5. Accurate location and descriptions of all monuments, markers, and control points.
6. All lot boundaries changed or eliminated by requested combination are indicated by dashed lines
7. Location of all rights-of-way, easements, and areas dedicated to public use with the purpose of each stated.
 - Public easements shall be labeled "Town of Apex Public Utility Easement".
 - The following notes shall appear on the plat map:
 - a. Where Town of Apex Public Utilities are installed within easements crossing private property, the Town's Public Works Department shall have the right to enter upon the easement for purposes of inspecting, repairing, or replacing the sewer main and appurtenances. Where paved private streets, driveways, parking lots, etc. have been installed over public sewer mains, the Town of Apex shall not be responsible for the repair or replacement of pavement, curbing, etc. which must be removed to facilitate repairs. The Public Works Department shall excavate as necessary to make the repair, and shall backfill the disturbed area to approximately the original grade. Replacement of privately owned pavement, curbing, walkways, etc. shall be the responsibility of the property owner and/or Homeowner's Association.
 - b. All off-site easements shall be acquired by the developer and these off site easements shall be recorded by a deed of easements prior to utility infrastructure construction approval. These easements shall be dedicated to the Town of Apex and labeled "Town of Apex Public Utility Easement".
 - c. No person shall place any part of a structure, any permanent equipment, or impoundment upon Town of Apex Public Utility Easements. Prohibited structures include, but are not limited to: buildings, houses, air conditioning units, heat pump units, decks, garages, storage/tool sheds, swimming pools, walls, retaining wall mechanisms/appurtenances, and fences. Upon prior written approval by the Public Works Department, fences may be permitted across easements; provided that an access gate is installed for the full width of the easement.
 - d. No person shall plant trees, shrubs, or other plants within a Town of Apex Public Utility Easement without prior written approval from the Public Works Department.
 - e. Any and all street signs shall only be provided and installed by the Town of Apex.

RECOMBINATION PLAT CHECKLIST

precision as calculated is 1:_____; that this plat was prepared in accordance with G.S. 47-30 as amended. Witness my original signature, registration number and seal this ____ day of _____, A.D., 20__.

Seal or Stamp:

Surveyor

Registration Number

For sites with EXISTING STRUCTURES, the following certification must be included on the plat:

CERTIFICATION OF REVIEW BY LICENSED SOIL SCIENTIST FOR EXISTING STRUCTURE WITH RESPECT TO RECOMBINATION OF PROPERTY LINES

I herby certify that lots(s) _____ shown on this plat for _____ has been reviewed with respect to minimum available space to provide for repair of an existing wastewater disposal system in accordance with regulations governing sewage treatment and disposal systems in Wake County as amended form time to time. I further certify that to the best of my knowledge, the existing wastewater system is located within the boundaries of the subject lots(s) and meets minimum setback requirements as specified in the aforementioned regulations.

This certification does not represent approval or a permit for any site work or wastewater system modifications/repairs. Additionally, any change in use, site alteration or misrepresentation may result in suspension or revocation of certification.

DATE

NC LICENSED SOIL SCIENTIST (SEAL)

For sites with NO EXISTING STRUCTURES, the following certification must be included on the plat:

CERTIFICATION OF REVIEW BY LICENSED SOIL SCIENTIST

RECOMBINATION PLAT CHECKLIST

I hereby certify that lots(s)

_____ have been reviewed as appropriated and with respect to minimum lot requirement set forth in Section V of the Regulations governing sewage treatment and disposals systems in Wake County as amended from time to time. As of this date, and based on this review of existing site conditions the lots numbered above on this plat will presumably meet these regulations.

I hereby certify that

lots(s) _____ shown on this plat for _____ have been reviewed as appropriate and with respect to alternative requirements set forth in Section VI of the regulations governing sewage treatment and disposal systems in Wake County as amended from time to time. As of this date, and based on this review of existing site conditions the lots numbered above on this plat will presumably meet these regulations.

Preliminary certification does not represent approval or a permit for any site work, nor does it guarantee issuance of an improvement permit for any lot. Final site approval for issuance of improvement permits is based on regulations in force at the time of permitting and is dependent on satisfactory completing of individual site evaluations following application for an improvement permit detailing a specific use and siting.

Any change in use or any site alteration may result in suspension or revocation of certification.
