EXEMPT PLAT PROCESS SUMMARY

DEFINITION OF AN EXEMPT PLAT

- 1) The combination or recombination of portions of previously platted lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the municipality as shown in its subdivision regulations.
- 2) The division of land into parcels greater than 10 acres where no street right-of-way dedication is involved.
- 3) The public acquisition by purchase or condemnation of strips of land for the widening or opening of streets and for public transportation system corridors.
 - a) For easement and right-of-way dedication please use the Town of Apex Easement and Right-Of-Way Plat Application & Checklist.
- 4) The division of a parcel of land by a new boundary line coterminous with a public street right-of-way line in circumstances where the street prevents the use of the parcel as one lot, so long as the boundaries of the parcel that are not on or within the street right-of-way are not changed.
- 5) The division of a tract in single ownership, the entire area of which is no greater than 2 acres, into not more than 3 lots where no street right-of-way dedication is involved and where the resultant lots are equal to or exceed the standards of the municipality.
- 6) The division of a tract into parcels in accordance with the terms of a probated will or in accordance with intestate succession under Chapter 29 of the General Statutes.
- 7) Only a plat for recordation for the division of a tract or parcel of land in single ownership is required if all of the following criteria are met:
 - a) The tract or parcel to be divided is not otherwise exempted by Sec. 7.1.1.B.
 - b) No part of the tract or parcel to be divided has been divided under Sec. 7.1.1.B.7 in the 10 years prior to division.
 - c) The entire area of the tract or parcel to be divided is greater than five (5) acres).
 - d) After division, no more than three (3) lots result from the division.
 - e) After division, all resultant lots comply with all of the following:
 - i) Any lot dimension size requirements of this Ordinance.
 - ii) The use of the lots is in conformity with the applicable zoning requirements.
 - iii) A permanent means of ingress and egress is recorded for each lot.

PROCESS OVERVIEW

1. Applicant uploads pdf version of plat for electronic plan review via IDT Plan Review. [Click here to access IDT Plans Website](#)
2. Staff member reviews electronic plan submittals and hard copies submitted to the Planning Department for completeness.
 1. If application is complete, Town Staff will review plat application and send comments to applicant.
 2. The applicant must address all of the comments and submit revised plats via IDT.
 3. Steps 3 & 4 may need to be repeated until the plat conforms to the requirements in this application.
 4. Once the plat meets the requirements of the UDO and this application, staff will advise the surveyor to submit hardcopies for staff signature. The applicant must submit three (3) Mylar plats. Each copy should include the signature and seal of the surveyor as well as the notarized signature of the owner(s).
 5. The applicant must pay all requisite fees prior to the final approval of revised plats.
 6. Town Staff reviews the Mylar plats. If the plats comply with the UDO, Town Staff will sign the Mylars. If the plats do not comply with the UDO, the applicant must resubmit the Mylars.
 7. Once Mylars are signed, staff will notify the surveyor to pick them up.
 8. The three (3) signed Final Plats must be recorded at the Wake County Register of Deeds within 60 days after approval. Wake County will keep one of the recorded plats. Plat must be stamped and signed by Register of Deeds.
 9. The applicant must return one (1) Mylar copy of the recorded Exempt Plat and one (1) paper copy of the plat to the Planning Department. The recorded Exempt Plat must be on file prior to the issuance of any building permits.

**For Recombination Plats Showing Sites With Existing Septic Structures That Intend To Use Septic,
The Following Certification Must Be Included On The Plat:**

I hereby certify that lots(s) _____ shown on this plat for _____ has been reviewed
with respect to minimum available space to provide for repair of an existing wastewater disposal system in accordance with
regulations governing sewage treatment and disposal systems in Wake County as amended from time to time. I further certify
that to the best of my knowledge, the existing wastewater system is located within the boundaries of the subject lots(s) and
meets minimum setback requirements as specified in the aforementioned regulations.

This certification does not represent approval or a permit for any site work or wastewater system modifications/repairs.
Additionally, any change in use, site alteration or misrepresentation may result in suspension or revocation of certification.

EXEMPT PLAT REQUIRED CERTIFICATES

For Sites With **NO** Existing Septic Structures That Intend to Use Septic,
The Following Certification Must Be Included On The Plat:

I hereby certify that lots(s) _____ shown on this plat for _____ have been reviewed as appropriate and with respect to minimum lot requirements set forth in Section V of the Regulations governing sewage treatment and disposals systems in Wake County as amended from time to time. As of this date, and based on this review of existing site conditions the lots numbered above on this plat will presumably meet these regulations.

I hereby certify that lots(s) _____ shown on this plat for _____ have been reviewed as appropriate and with respect to alternative requirements set forth in Section VI of the regulations governing sewage treatment and disposal systems in Wake County as amended from time to time. As of this date, and based on this review of existing site conditions the lots numbered above on this plat will presumably meet these regulations.

Preliminary certification does not represent approval or a permit for any site work, nor does it guarantee issuance of an improvement permit for any lot. Final site approval for issuance of improvement permits is based on regulations in force at the time of permitting and is dependent on satisfactory completing of individual site evaluations following application for an improvement permit detailing a specific use and siting.

Any change in use or any site alteration may result in suspension or revocation of certification.
