FOR IMMEDIATE RELEASE

MEDIA ADVISORY STATEMENT FROM APEX MAYOR AND TOWN COUNCIL

APEX, NORTH CAROLINA - Members of the Apex Town Council and the Mayor embrace the diversity of our community and recognize that Apex is home to people of varied nationalities, ethnicities, and faiths for whom the current conflict in the Middle East has a real and personal impact. Our community proudly holds the status of being the "Peak of Good Living" and is well known for its small-town character and inclusivity.

A number of community members have written, called, and spoken at recent Council meetings related to the ongoing conflict in the Middle East. Your governing body has intentionally listened and made a concerted effort to hear all sides of this international crisis.

At this time, the Mayor and Council are not considering a cease-fire resolution. Although action is not being taken through a formal resolution, the governing body strongly condemns prejudicial acts and discriminatory remarks of any kind, including Islamophobia and Antisemitism.

As your elected officials, we are committed to ensuring that Apex remains a welcoming environment, fostering community connections, and cultural experiences supporting a sense of belonging.
